FFP2 Face Masks

MEDICAL NITRILE GLOVES. These gloves meet FDA 510K Standards for examination gloves used in medical applications. These medical grade examination gloves also meet the Federal Food, Drug and Cosmetic Act, which allows reusable use when you have contact with food.

Nitrile gloves are a type of disposable glove made from synthetic rubber, that means there is no risk of latex allergies. They are the most popular glove type in our range and offer extraordinary strength and resistance to oils and aqueous chemicals in comparison to vinyl or latex. For these reasons, they are often used in the medical, laboratory and manufacturing industries.

Packing: Boxes: 100 pcs (50 pair)

Sizes: S, M, L, XL

Price: CIF price of USD **16.5 per box** (100pcs | 50 pair)

*We also have non-medical nitrile gloves.
It has price 10\$ per box (100pcs | 50 pair)*

Nitrile gloves
